## INTERNATIONAL SCIENTIFIC-PRACTICAL SEMINAR

RESOURCE SAVING AND QUALITY  
WATER SUPPLY – STRATEGIC LINE OF  
DEVELOPMENT OF WATER SUPPLY AND  
SEWERAGE BRANCH IN UKRAINE

**YAREMCHE - 2015**

The Organizing Committee invites you to take part in the international scientific-practical seminar "RESOURCE ECONOMY AND QUALITY WATER SUPPLY – STRATEGIC LINE OF DEVELOPMENT OF WATER SUPPLY AND SEWERAGE BRANCH IN UKRAINE", which will take place in Ukraine in Yaremche town during February 10–15, 2015.

To participate in the seminar are invited leaders and specialists of water supply and sanitation sector, executives of the central government and local authorities, representatives of research institutes and academies, professional associations and other associations of citizens, representatives of Ukraine business.

During the plenary sessions and during roundtables the following topics will be highlighted:

- \* • the current state of water supply and sewerage in Ukraine;
- \* • the problems of saving and rational using of resources (material, technology, energy, financial, labor etc.) at water supply and sanitation enterprises of Ukraine;
- \* • the impact of regulatory on the performance of the water sector;
- \* • improvement of interrelations with the central government on issues of water supply and sanitation and tariffs for these services;
- \* • experience of rational work on resource saving from the best water companies of Ukraine and foreign countries;
- \* • effective methods of water losses reducing;
- \* • diagnostics of water supply networks and other underground communications;
  - \* • wastewater treatment systems and sludge disposal
  - \* • the quality of drinking water and modern water treatment technology;
  - \* • wastewater treatment and sludge disposal;
  - \* • network equipment (pumps, diagnostics, filtration, metering, accounting, cleansing, repair, automation, etc.);
- \* • investment projects;
- \* • cooperation between relevant international associations and enterprises;
- \* • development of the Ukrainian and regional professional associations;
- \* • discussion of the problematic aspects of water and wastewater, that require public discussion, etc.

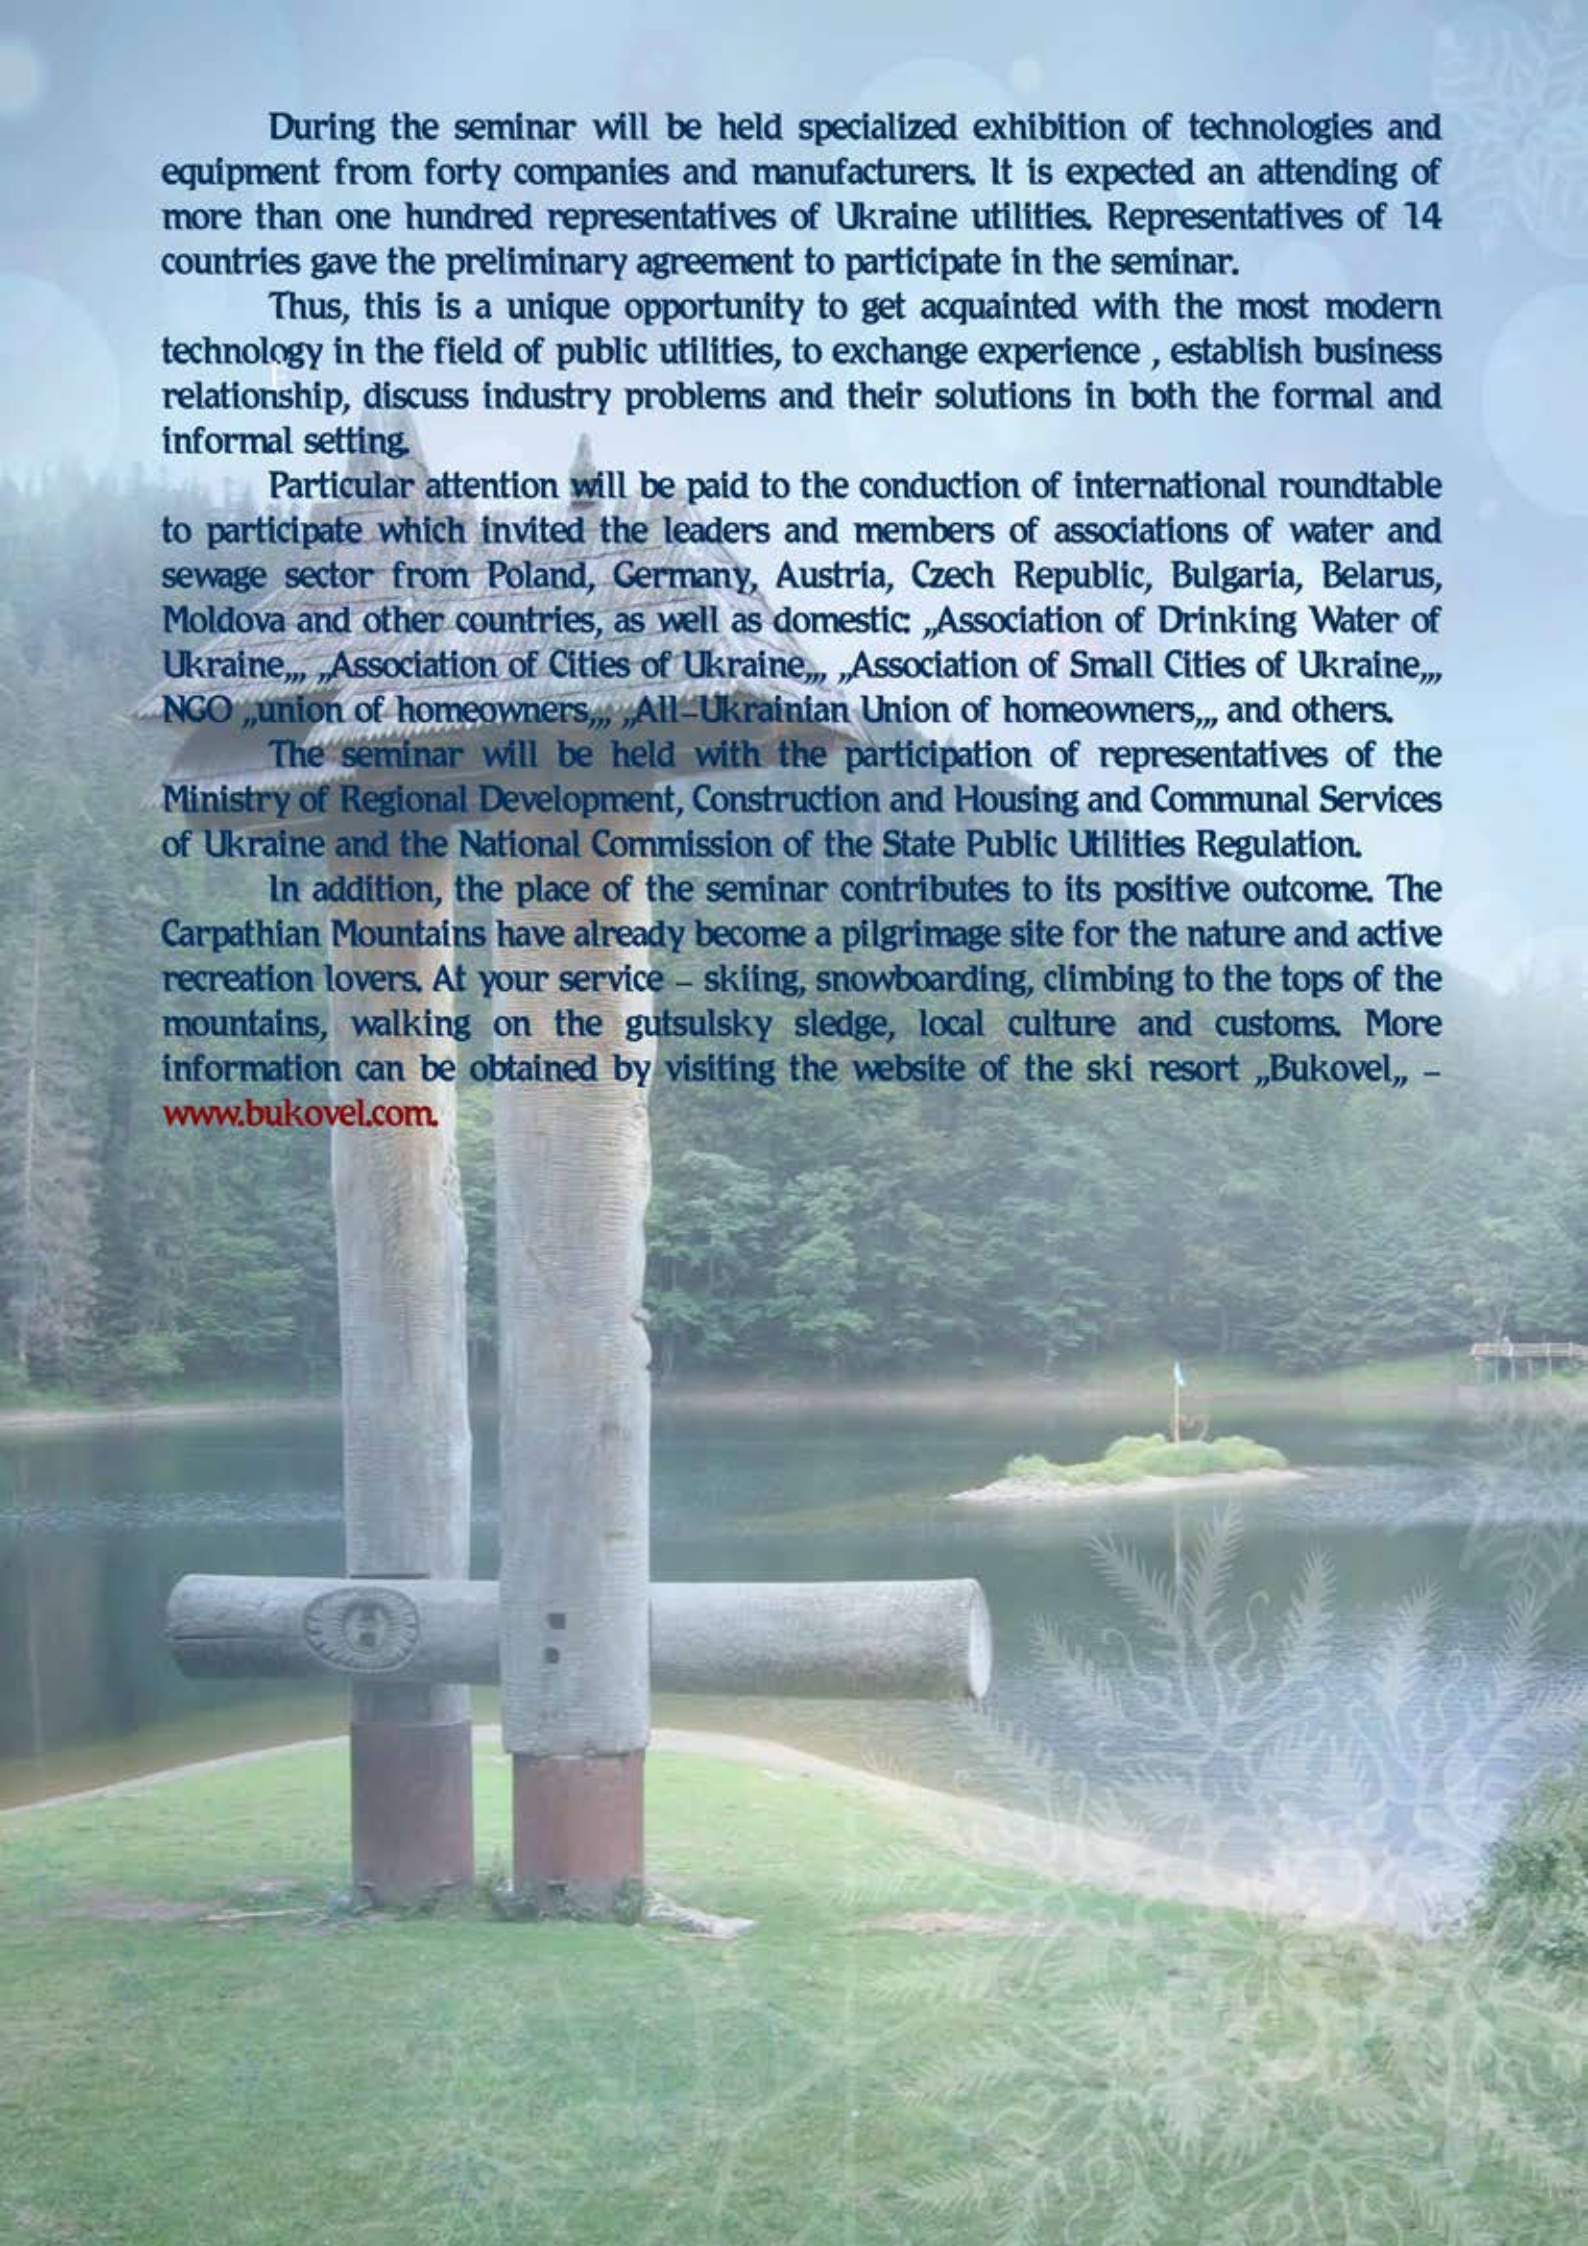

During the seminar will be held specialized exhibition of technologies and equipment from forty companies and manufacturers. It is expected an attending of more than one hundred representatives of Ukraine utilities. Representatives of 14 countries gave the preliminary agreement to participate in the seminar.

Thus, this is a unique opportunity to get acquainted with the most modern technology in the field of public utilities, to exchange experience , establish business relationship, discuss industry problems and their solutions in both the formal and informal setting.

Particular attention will be paid to the conduction of international roundtable to participate which invited the leaders and members of associations of water and sewage sector from Poland, Germany, Austria, Czech Republic, Bulgaria, Belarus, Moldova and other countries, as well as domestic: „Association of Drinking Water of Ukraine,,, „Association of Cities of Ukraine,,, „Association of Small Cities of Ukraine,,, NGO „union of homeowners,,, „All-Ukrainian Union of homeowners,,, and others.

The seminar will be held with the participation of representatives of the Ministry of Regional Development, Construction and Housing and Communal Services of Ukraine and the National Commission of the State Public Utilities Regulation.

In addition, the place of the seminar contributes to its positive outcome. The Carpathian Mountains have already become a pilgrimage site for the nature and active recreation lovers. At your service – skiing, snowboarding, climbing to the tops of the mountains, walking on the gutsulsky sledge, local culture and customs. More information can be obtained by visiting the website of the ski resort „Bukovel,, – [www.bukovel.com](http://www.bukovel.com).
