- Discussion - Achieved level, what to expect, timelines, who is in charge?

**Second day – 19<sup>th</sup> November 2013. Tuesday**

- 10:00 – 14:30 **A.II Asset Management / Investment Planning**  
Moderator: Vladimir Taušanović  
DVGW (D), HYDRO-COMP (CY), RBS Wave (D), BOKU (AT), IHE DELFT (NL)  
Faculty of Civil Engineering in Belgrade  
Belgrade Waterworks and Sewerage, NAISSUS Niš  
- Infrastructure Asset Management  
- European best practice

**Sindelićeva Str. 21, 11000 Belgrade, Serbia**

**Tel.: +381 11 244 22 28; Fax.: +381 11 244 11 93; e-mail: [office@utvsi.com](mailto:office@utvsi.com)**

Since 1960.

## Association for Water Technology and Sanitary Engineering

[www.utvsi.com](http://www.utvsi.com)

- Best practices in Utility management
- Support in management of small and medium Utilities
- Implementation of KPI in Utilities - how it's achieved
- Application of ICT in GIS
- GIS solutions in Utilities
- Creation of water network database
- Integration of water network maintenance data
- Water demand management
- Business processes improvement by introducing GIS

10:00 – 14:30

### **C. The drinking water quality – accumulation and groundwater,**

Moderator: Professor Božo Dalmacija, PhD

- **DVGW**, the basis for safe and uninterrupted drinking water supply
- **Faculty of Civil Engineering**, University of Belgrade; **Faculty of Natural Sciences**, University of Novi Sad – Reservoirs ( accumulation) for drinking water supply
- **Institute Jaroslav Černi** Belgrade, Belgrade source - Importance and maintenance
- **EIONET** Serbia – Establishment of system for drinking water quality in Serbia
- **UTVSI**, Belgrade - Preservation of water quality in distribution systems
- **TZW Karlsruhe ( Water Technology Center )** - Water quality control

14:30 – 15:00

Coffee Break

15:00 – 17:00

**Commercial program – presentations**

### **Third day – 20<sup>th</sup> November 2013. Wednesday**

10:00 – 13:00

### **D. Sewerage**

Moderators: Professor D. Prodanović, PhD, Professor D. Povrenović, PhD

Case Study „Belgrade sewerage system improvement by establishing WWTP Veliko selo” and investment opportunity (Yen Loan);

#### **Topics:**

- Sustainable channeling of rain water in urban areas;
- Book Presentation: "Bases of the Waste water treatment technology ";
- The best technological innovation in the Water sector.

#### **Institutions**

- Ministry of Science
- Faculty of Civil Engineering, University of Belgrade
- Faculty of Technology and Metallurgy, University of Belgrade
- Belgrade Land Development Public Agency
- Japanese company "TEC International"
- Belgrade Waterworks and Sewerage

13:00 – 16:00

Commercial program – presentation

Since 1960.
